

Reactions to small dick!

From a blonde who was chewing gum at the time..."So, I mean, is this it???""

"Yikes, Andrea said you were small but...wow!""

From another girl, holding it between her index finger and thumb, "Why don't you just use your hand."

I had just gone home with a girl who provided some 420 fun, "Wow...I hope you know how to eat this cooch!""

From a girl who gave me oral, "Well at least there's no chance I'll gag!""

Doggystyle and balls deep, "C'mon baby, you can do it!""

From a sweet girl with a complete look of shock, "Well, it makes your balls look really big."

"Oh, cute. It's like a little button!""

"Do you think it'll ever get any bigger?""

"Do you mind if I just rub it for a while?"" And after I came, "Wow, I never thought something so small would make such a mess!""

From the drunk girls...

"You've got to be kidding me! Can I take a picture of that!?!?""

Giggling..."I've seen small cocks before but goddam""

"Sorry, but this is just f'ing pointless!""

As soon as I lowered my pants, "You poor thing!""

After sex and cuddling, "I should hook you up with my friend Stacy. She was saying that small dicks don't bother her."

Mean drunk girl, "I seriously think this is the size of a paperclip. I mean one of those bigger ones." She actually got a paperclip out of her purse and compared.

On breaking up..

"Good luck ever finding someone who wants that pindick."

"I'm telling every single one of my friends that you have a three inch cock. Keep fucking whining and I won't even exaggerate that much!""

"I lied. It is by FAR the smallest fucking cock I've ever seen."

When I found out she was cheating and demanded the truth, "Oh my God, you sniveling little fuck. Because his cock is long and fat and I can actually feel it slide into me."
